The Taylorville Fire Department Ladies Auxiliary held their first organizational meeting, February 10, 2005. Their only goal was to support the Taylorville Fire Firefighters. Since that first meeting they have organized several successful fund raising activities and provided an unwavering, supportive presence on our fire scenes. This past year four of their members have joined the Taylorville Fire Department Volunteer Firefighter ranks. Regardless of the hat/helmet the membership wears, they have proven to be a valued asset to our Firefighters. The Taylorville Fire Department Ladies Auxiliary is not affiliated with the City of Taylorville or even fall under the structure of the Taylorville Fire Department. Their impressive accomplishments since February of 2005 are to their full credit. Their unselfish support of our Firefighters can never be overstated and will always be greatly appreciated.

In appreciation for what they have done and continue to strive for, a link has been provided in order for us to share the pride we hold for them. I hope you take the time to review their picture link.
